# A flower pot

**You need :**

- some paint
- your hands
- sheets of paper
- a glue stick

## First step

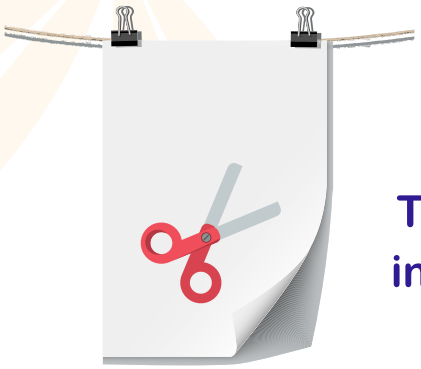
Dip your hands in the paint and put your hands on the paper

## Second step

Make the petals of the flower with your fingertips with the colours of your choice

# A flower pot

## Third step



Take a sheet of paper, cut it into the shape of the pot and paint the pot

## Fourth step

Once the paint has dried, you can glue the pot on the paper
